**Extract\* from  
the Recommendations of parliamentary hearings  
on improving the civil protection system**

8 December 2023  
Astana

...  
...  
...

**Participants of the parliamentary hearings RECOMMEND:  
2. to the Ministry for Emergency Situations:**

...

2.6. to work out the issue of connecting of the automatic fire protection system (alarm, smoke removal, sound warning, etc.) to the console 112 for remote monitoring of their capacity in the automatic mode, conducting control through camera, without visiting the facility;

2.7. to revitalize scientific capacity by establishing a scientific and technical center for fire and industrial safety;

2.8. to include relevant terms related to disaster risk reduction into the draft law glossary.

...
